.

Professional Private Security Operatives[Guards]

WILCO AFRICA Group has over the last few years carried out a recruitment programme identifying suitable candidates for training in an intensive one month program me [subject to regular refresher courses].Among modules covered include Martial arts, Public Relations, Mental Fitness, First Aid, Patrolling, Observation ,Search Procedures and emergency response.

All security operatives are under a supervisor. Our supervisor's posse's diverse strengths with majority having ex- disciplined force experience namely military and police.

We invite you to our research and development center in Karen or visit our training facility at Adams Arcade at the Coliseum gym, where our guards are trained throughout the week.

Canine Solutions

'Mans best friend' if trained correctly and obedient serves as the ultimate deterrent for criminals and anyone with ulterior motives. WILCO Africa group is proud to be involved in the breeding and training of canines for various end users and clients needs. Our pillars and guidance is provided by East African Kennel Club and East African German Shepherd Dog league who continue to provide invaluable knowledge and support to our canine team.
We currently have Rotts, Dobermans and GSDs categorized as guard and work dogs.
